STEP 3

Fill out the tooth chart on Step 1 to reflect the patient’s dentition at the time of the scan. Click on a tooth once to designate it as “missing”. Click on the tooth a second time to show a dotted outline of the tooth, indicating it will be extracted at the time of surgery. Clicking the tooth a third time places the tooth back on the chart.

STEP 4

For the tooth chart on Step 2 (Proposed Restorative Plan), please specify your ideal implant sites. Click on the pontic site once to have a virtual implant placed there.

Step 2

Click on pontic icon to indicate proposed implant location

Radiologist Interpretation:

If you have any anatomical or pathological concerns, you can have your CBCT interpreted by our in-house Board Certified Maxillo-Facial Radiologist. Please provide your area of interest or instructions to the radiologist in the provided text box. Please note, this is an optional service. If no interpretation is needed, please select "No Radiology Interpretation" and click the blue "Next" button.

Treatment Planning:

Auto-Approval -This is a streamlined option for single implant cases! Implant Concierge will still act as your virtual employee and create an initial treatment plan from your CBCT and STL files. However, in place of a meeting, we will create a 2-3-minute patient-specific video and will also include screenshots of different angles and measurements for your review. Select Auto-Approval and click the blue "Next" button. Please note, your charges will reflect on the left-hand side.

Restorations:

Please utilize the tooth chart if you are planning on requesting restorative services and products. If you would like to order a wax-up, please click on each tooth you would like included in the wax up and it will be reflected with a pink outline.

If you are planning on ordering a provisional, please click on a tooth twice to specify the requested provisional units. Please note that the provisional charge will include a wax-up from Implant Concierge as well.

Once the tooth chart has been filled out, please fill out the restorative fields below. If no restoration services are requested, you can skip this section completely and click the green "Complete Order" button.
