A MULTI-UNIVERSITY IMPLANT COURSE

IMPLANT U offers dentists the opportunity to learn about exciting and advanced surgical topics from faculty members of three renowned dental institutions in the United States.

This **one-week program** is designed for dentists who are beginning their adventure in placing implants and for those who already have experience with implants.

These exceptional educators will push your boundaries, elevate your implant placement skills, and equip you for upcoming cases.

Faculty members will discuss their expertise in managing tissue and bone, digital restorative procedures, treatment planning, and anterior esthetics during this one-week program. This course has a capacity of 50 individuals.
